**Description:**

Picking a vacation destination for yourself can be pretty challenging. Picking a vacation destination for both you and a bae can be practically impossible. Let Baecation help you find the perfect getaway.

Baecation lets you:

- Filter cities in the US by characteristics such as festive, outdoorsy, or relaxing
- Construct a list of restaurants, tourist destinations, and photos to inspire your upcoming trip
- Store your travel list in the cloud so that you can access your info at any time
- Share your lists with baes (Facebook friends), so they can join in on the excitement

Don't wait a minute longer. Get Baecation and rethink the way you plan for vacations with bae.

**Compatibility:**

Requires iOS 8.3 or later. Compatible with any iPhone, but optimized for iPhone 6 and 6 Plus.
